

MARRIOTTS

## Welcome to Marriotts School and the Marriotts Family

*It gives me great pleasure, as Headteacher, to welcome you to Marriotts School.*

Education changes everything: your horizons, your enjoyment and your economic situation. Everyone has a right to an education that will allow them to succeed and to live a happy and successful life.

The choice of a secondary school for your son or daughter is a crucial one and it is my belief that Marriotts School offers the best possible opportunity for them to flourish.

We have state-of-the-art facilities in our impressive building with amazing sports, performing arts and technology facilities, fantastic ICT and spacious modern classrooms.

We aim to stimulate and challenge our students' minds in order for them to attain the highest academic achievement; however education is about more than this!

Our student mission is '**Aim high. Work hard. Be kind**' and this is central to everything we do at Marriotts. We seek to instil in our students a sense of aspiration: they should all have a dream and a goal in life. They might wish to become a doctor or a builder, a businessman or a university student, but whatever they wish to become they should aim high: be the best doctor or the best hairdresser.

We train our students to work hard, to know that nothing in life comes without our hard work and we help them to understand that effort now will help ensure their success in the future.

Finally and most importantly we expect all of our students and our staff to be kind: to treat others as they wish to be treated, to be respectful, fair and compassionate. Students should develop a sense of responsibility and pride towards their school and their community.

We are a family, a happy school and we provide an environment where everyone is given the chance to succeed. We have high expectations and do everything we can to help our students become well rounded young people ready to take their place in society. We are proud of all our students and if you take the opportunity to come and visit us we believe you will see why.
