

Long Term Plan

Date: September 2016-17

Year 11 GCSE Food and Nutrition

Assessments: Every 4 weeks

Homework: Weekly theory and Practical research tasks

Subject is taught over 2 years with 3 lessons a week – 6 over a 2 week module (2nd Year of teaching)

Subject brief:

- To further engage students in a safe and practical environment to be explore all aspects of the subject that is linked to intellectual, emotional and social needs. To include all tasks as set by OCR exam board
- To provide opportunities which are fun, engaging, challenging and rewarding.
- To develop a range of designing and making skills which are transferable to higher level of study , apprenticeships or the world of work.
-

Learning:

In year 11 students will be engaged in designing and making a range of practical tasks to include in their tasks for the exam board

In year 10 they will have completed 3 short tasks Eggs, Pastry, Investigative (20 Marks each) and these will be completed and improved once we get feedback from the OCR moderator and act on any improvements that need to be made

Year 11 will be spent completing the Food Study task worth 60 marks

The students will recap on knowledge learnt in year 10 and have a test every 6 weeks on subjects learnt

The students will now have a single lesson to cook and theory lessons twice a week

The students will recap on topics learnt in year 10 and then move onto new topics as set by the exam board

Past papers will be used to show student understanding of topics and these will be used for walking talking mocks.

Each topic will have a power point and short video. Lessons of one hour will be broken up into 3 X 20 minutes tasks
